

— *Technical Specification* —

Founded in 1920, Barlow Tyrie is the world's oldest remaining manufacturer of teak wood leisure furniture. It has since extended its collections to include outdoor furniture in stainless steel and powder-coated aluminium.

Barlow Tyrie combines form and function with manufacturing experience and expertise. Our aim is to create pleasing designs with good ergonomic performance and so make outdoor living as stylish as it is comfortable. These elements, which are shared with quality interior furniture, make a piece 'correct' to the eye and body.

An international reputation based on stylish yet practical designs, traditional craftsmanship and excellent customer service has made the Barlow Tyrie brand synonymous with quality.

Brushed Stainless Steel

We are associated the world over with outdoor leisure furniture that strikes the highest notes in quality and style.

Our modern stainless steel collection brings sophistication to your outdoor area. We now offer our largest ever selection, giving you a wide range of contemporary design options.

Equinox

The Equinox collection offers a large selection of contemporary designs, making it a perfect addition to any modern living space. This extensive collection is divided into Dining, High Dining and Occasional furniture, offering a choice of table top material, stacking options and with easy to clean all-weather Textilene fabrics.

We make our furniture using 316 ‘marine grade’ stainless steel to withstand the rigours of an outdoor environment. However, you should undertake regular maintenance using our care products to preserve the fine appearance of your furniture. Cleaning once or twice a year will be adequate in most circumstances but we recommend more frequent cleaning in a coastal or humid environment and occasionally rinsing your furniture with fresh water.

For harsh chlorinated environments, such as indoor pools, we recommend our powder coated stainless steel products (pg. 18). Powder coated products are also available in extra colour choices.

Our ceramic table tops are made using Italian ‘high-fired’ ceramic material that is colour-fast and stain-proof. Whilst being practical with a scratch-resistant and low-maintenance finish it also gives a choice of attractive finishes. Alternatively, our teak table tops bring a warmer, more traditional appearance to this contemporary collection.

Equinox features:

- Premium 316 ‘marine grade’ stainless steel
- Textilene® fabric slings – strong, durable and mildew resistant
- Minimal maintenance – 4SSCG Stainless Steel Clean & Guard
- Stacking chairs and sun loungers
- Can be combined with the Mercury collection
- Counter height products only available in USA

1EQ.500

Equinox Dining Chair
(Charcoal Sling)

Height: 30cm – 12” Weight: 7kg – 15lbs

Mercury

The Mercury armchair offers a higher back than our other stainless steel chairs. The backrest is sprung, making it extremely comfortable for long lazy afternoons outdoors. Textilene® fabric is used to great effect, and there is a choice of either teak or powder coated aluminium inserts on the armrests.

The armchair combines a premium blend of materials, including 316 ‘marine grade’ stainless steel for the frame.

For harsh chlorinated environments, such as indoor pools, we recommend our powder coated stainless steel products (pg. 18). Powder coated products are also available in extra colour choices.

Our ceramic table tops are made using Italian ‘high-fired’ ceramic material that is colour-fast and stain-proof. Whilst being practical with a scratch-resistant and low-maintenance finish it also gives a choice of attractive finishes.

The Mercury modular deep seating gives you the opportunity to create an individual layout that fits your own outdoor living space. Using the best waterproof fabric that the outdoor industry has to offer, Sunbrella® Rain®, the Mercury deep seating collection is both comfortable and soft to the touch.

Mercury dining table tops are acid-etched tempered glass with a matt finish that is easy to clean.

Mercury features:

- Modular deep seating system uses Sunbrella® Rain®
- Waterproofed fabric for the cushions
- Stacking armchairs
- Premium 316 ‘marine grade’ stainless steel
- Textilene® slings – strong, durable and mildew resistant
- Minimal maintenance – 4SSCG Stainless Steel Clean & Guard
- Table tops are acid-etched tempered glass with a matt finish in a choice of three colours
- Mercury products combine well with the Equinox collection

Powder Coated Stainless Steel

A selection of our brushed stainless steel products have been given an attractive powder coated finish over premium, 316 marine grade stainless steel backed up with the benefit of a 10-year warranty.

Equinox

The Equinox powder coated collection offers a large selection of contemporary designs, making it a perfect addition to any modern living space. Powder coated products have matching armrests to the frame colour. This extensive collection is divided into Dining, High Dining and Occasional furniture, offering a choice of table top material, stacking options and with easy to clean all-weather Sunbrella® fabrics.

We make our furniture using 316 marine grade stainless steel with the additional powder coating, that withstands the rigours of an outdoor environment. However, you should undertake regular maintenance using our care products to preserve the fine appearance of your furniture. Cleaning once or twice a year will be adequate in most circumstances but we recommend more frequent cleaning in a coastal or humid environment and occasionally rinsing your furniture with fresh water.

Our ceramic table tops are made using Italian high-fired ceramic material that is colour-fast and stain-proof. Whilst being practical with a scratch-resistant and low-maintenance finish it also gives a choice of attractive finishes.

Alternatively, our teak table tops bring a warmer, more traditional appearance to this contemporary collection.

Equinox features:

- Sunbrella® fabric slings – strong, durable and mildew resistant
- Waterproof Sunbrella® Rain® fabric available for cushions
- Minimal maintenance – 4AC Powder Coated Stainless Steel & Aluminium Cleaner
- Powder coated 316 ‘marine grade’ stainless steel
- Stacking chairs and sun loungers
- Can be combined with the Mercury armchair
- Counter height (CH) products only available in USA

Equinox powder coated stainless steel products have matching armrests to the frame, and combine Sunbrella® fabric slings that are used for the seat and back. Upholstered bespoke cushions are separate components, using the best Sunbrella® Rain® waterproof fabrics that the outdoor industry has to offer.

Cushion fabric: Sunbrella® Rain®
Included: 3 x 800038.+ Equinox DS Cushion Set
Optional purchase:
400743 Cover for Standard Height Three-Seater DS

Layout

The Layout collection offers a large choice of seating groups with a contemporary design that uses a modular deep seating system, which brings elegant indoor lounging to outdoor spaces. This collection comprises various upholstered seat and table sizes, which together create intimate or grand seating groups. You can create an individual layout to give your perfect vision of outdoor living (Layout collection was designed by: Andrew Jones and Nathalie de Leval).

The modular seat and table frames are made using powder coated 316 ‘marine grade’ stainless steel, available in two colours: Forge Grey or Arctic White.

Seats, backs and arms are separate components, upholstered using either Sunbrella® fabric (the stock fabric in the USA) or Sunbrella® Rain® waterproof fabric (the stock fabric in Europe). The alternative fabric is available in both markets to special order. The backs and arms can fit on any side of the seating units to create sofas, corner sectionals, loungers, chairs, and many asymmetric configurations.

Layout features:

- Modular deep seating system uses Sunbrella® Rain® waterproofed fabric for the cushions, as standard in Europe
- Tough, durable, powder-coated finish
- Contemporary design and minimal maintenance
- Powder coated 316 marine grade stainless steel frame

Mercury

The Mercury armchair offers a higher back than our other stainless steel chairs. The backrest is sprung, making it extremely comfortable for long lazy afternoons outdoors. The armchair combines a powder coated finish over the premium 316 ‘marine grade’ stainless steel frame with support bars that hold the Sunbrella® seat and backrest. Mercury armrests are powder coated matching to the frame colour.

In harsh chlorinated environments, such as indoor pools, or ‘salty’ coastal areas, these powder coated products offer extra protection and a choice of two additional colourways. The Mercury armchair combines Graphite powder coated frame with a Carbon Sunbrella® sling and the Arctic White frame with a Seagull Sunbrella® sling. Our Equinox collection of powder coated tables are a perfect match.

The Mercury powder coated dining range gives you the opportunity to create an individual layout that fits your own outdoor living space. For extra luxury, our cushions use the best waterproof fabric that the outdoor industry has to offer, Sunbrella® Rain®, which is both comfortable and soft to the touch.

Mercury features:

- Stacking armchair
- Powder coated premium 316 ‘marine grade’ stainless steel
- Sunbrella® slings – strong fabric, durable and mildew resistant
- Mercury powder coated armchairs combine well with the Equinox powder coated collection of tables

Teak & Rustic Teak

Barlow Tyrie has made exceptional outdoor furniture in teak since 1920, with many award-winning designs that are considered classics. To date, we are in receipt of 20 international design excellence awards.

We make our furniture using first-grade, FLEGT-licenced, plantation-grown teak (*Tectona Grandis*) and solid brass or 316 marine grade stainless steel fittings. We design our teak furniture to allow you to mix items from different collections, and give you the greatest flexibility in both convenient use and visual effect.

Horizon folding chairs use a locking mechanism for safety that locks the chair in the open position and then folds by lifting the seat. They are light enough to be carried, yet are strong with a solid feel.

Textilene® slings offer comfort without the need for cushions.

Linear

- Solid traditional teak construction
- Detailing of the 90° mitred corner joints are decorative and aesthetically pleasing
- The extending dining table seats 8 comfortably

Aluminium

We use an environmentally responsible process to clean and etch the aluminium before applying a high quality powder coating, which results in a stunning visual effect combined with long service and minimal maintenance.

The Textilene® fabric slings combine colour fastness, comfort and weather resistance. You can enjoy dining and relaxing outdoors in the summer months with our low maintenance tables and chairs; a stylish addition to any garden or terrace.

Aura

64

Aura

Aura is a modern, elegant, lightweight collection combining powder coated aluminium frames, teak table tops with aluminium inlay plus stackable sun loungers and armchairs accented with teak armrests.

Our all aluminium range of powder coated tables are available in three colours: Graphite, Arctic White or Champagne. Frame and tabletop are completely in the same matching colour. A superb and contemporary addition to your outdoor living.

This extensive collection is divided into sub-sets: Deep Seating, Dining, High Dining and Occasional that all offer a choice of three colourways.

There are several options of dining table that seat from four to ten people, a serving table, carver and stacking side chairs, with easy to clean waterproof Textilene® fabric.

The Aura modular deep seating range gives you the opportunity to create an individual layout that perfectly fits your own outdoor living space. Using the best waterproof fabric that the outdoor industry has to offer, Sunbrella® Rain®, the Aura Deep Seating furniture is spacious, comfortable and soft to the touch.

Aura features:

- Made from lightweight pure ‘virgin’ aluminium for strength
- Contemporary design and minimal maintenance
- Tough, durable, powder-coated finish
- All-weather Textilene® is used for long life and low maintenance
- Dining tables have a powder-coat aluminium inlay detail across the top and around the parasol hole
- Modular deep seating system uses Sunbrella® Rain® waterproofed fabric for the cushions (optional in the USA)
- Counter height products are only available in USA

Aura is available in 3 set colourways – Frame colour + Textilene® Sling:

- .01.500 Graphite + Charcoal
- .02.505 Arctic White + Pearl
- .04.502 Champagne + Titanium

Parasols

Our parasol fabric is made from Sunbrella® 100% solution dyed acrylic yarn. The fabric has a Teflon® coating applied to the yarn which helps disperse water.

All parasols must be used with a base for safety, even when placed through a table.

Napoli 86

Sail 88

Sail Sunshade 92

Napoli

To make our Napoli parasols, we use FLEGT-licenced eucalyptus wood, which is sourced from responsibly managed forests. The eucalyptus poles and struts are accented with either nickel-plated, solid brass or aluminium and stainless-steel fittings, for a first class finish.

Napoli parasols are available in circular, rectangular, or square form in various sizes. The 2.8m circular model (4NA28C.302) has a tilting shade, plus the 3.5m and 4m Cantilever pivots 360° degrees. All our parasols are supplied complete with a night storage cover.

Free standing and in-ground fixing bases are available for these parasols. A base should always be used with all parasols. Bases are available as standard, freestanding, floor fixing or in-ground. Our custom made parasol bases are made of steel which receives a zinc electroplating to retard oxidation, then a final coat of a durable grey powder coat paint finish. The aluminium and steel components on the Napoli cantilever parasols are powder coated a champagne colour.

The splendid Napoli Cantilever model, with its four-metre square canvas-coloured canopy has aluminium and steel components that are finished in a champagne colour, and the base comes with a protective mat.

Product care

At the end of the season, we suggest you clean your parasols before storing them in a dry, well-ventilated area. Although Sunbrella® fabric will not mildew or mould, we recommend that the canopy is cleaned regularly to prevent the accumulation of dirt on the fabric.

To clean and maintain your parasols, we recommend removing dirt, grease, oil, and mould. After cleaning the use of ‘Barlow Tyrie Fabric Weather Guard’ (4FWG) protects the fabric from the aging effects of weather.

Napoli features:

- Finished with high-quality waterproof sealant
- Beautiful nickel-plated brass or aluminium and stainless steel fittings
- Engineered with tilting, pivoting or telescopic mechanism
- Storage cover supplied
- Standard, freestanding, floor fixing or in-ground bases are required for these parasols
- Minimal maintenance
- USA only: special order Sunbrella® canopies available

4NA28C.302
Napoli Parasol 2.8m Circular – 38mm pole
(.302 Canvas coloured with a tilt facility)

Diameter: 281cm – 111" Height: 249cm – 98"
Weight: 10kg – 22lbs
Assembly: Not Required
Optional purchase: 4PBS Parasol Standard Base 38 – Small, 4PBFS Parasol Freestanding Base 38 – Small, 4PBFFS Parasol Floor Fixing Base 38 – Small, 4PBUS Parasol In-ground Base 38 – Small

4NA30S.302
Napoli Parasol 3m Square – 61mm pole
(.302 Canvas coloured with telescopic pole)

Length: 300cm – 118" Width: 300cm – 118"
Height: 269cm – 106" Weight: 22kg – 49lbs
Assembly: Not Required
Optional purchase: 4PBL Parasol Standard Base 61 – Large, 4PBFL Parasol Freestanding Base 61 – Large, 4PBFFL Parasol Floor Fixing Base 61 – Large, 4PBUL Parasol In-ground Base 61 – Large

4NA35C.302
Napoli Parasol 3.5m Circular – 61mm pole
(.302 Canvas coloured)

Diameter: 350cm – 138"
Height: 269cm – 106" Weight: 22kg – 49lbs
Assembly: Not Required
Optional purchase: 4PBL Parasol Standard Base 61 – Large, 4PBFL Parasol Freestanding Base 61 – Large, 4PBFFL Parasol Floor Fixing Base 61 – Large, 4PBUL Parasol In-ground Base 61 – Large

4NA35R.302
Napoli Parasol 3.5m x 2.5m Rectangular – 61mm pole
(.302 Canvas coloured with telescopic pole)

Length: 355cm – 140" Width: 254cm – 100"
Height: 270cm – 106" Weight: 22kg – 49lbs
Assembly: Not Required
Optional purchase: 4PBL Parasol Standard Base 61 – Large, 4PBFL Parasol Freestanding Base 61 – Large, 4PBFFL Parasol Floor Fixing Base 61 – Large, 4PBUL Parasol In-ground Base 61 – Large

4NA40C.302
Napoli Parasol 4m Circular – 61mm pole
(.302 Canvas coloured with telescopic pole)

Diameter: 403cm – 159"
Height: 270cm – 106" Weight: 22kg – 49lbs
Assembly: Not Required
Optional purchase: 4PBL Parasol Standard Base 61 – Large, 4PBFL Parasol Freestanding Base 61 – Large, 4PBFFL Parasol Floor Fixing Base 61 – Large, 4PBUL Parasol In-ground Base 61 – Large

4NAC35S.302
Napoli Cantilever Parasol 3.5m Square
(.302 Canvas coloured with tilted and turned 360° degrees)

Length: 350cm – 138" Width: 350cm – 138"
Height: 307cm – 121" Weight: 54kg – 117lbs
Optional purchase: 4PBFC.04 Napoli Cantilever Parasol – Freestanding Base, 4PBUC.04 Napoli Cantilever Parasol – In-ground Base

4NAC40S.302
Napoli Cantilever Parasol 4m Square
(.302 Canvas coloured with tilted and turned 360° degrees)

Length: 400cm – 157" Width: 400cm – 157"
Height: 315cm – 124" Weight: 64kg – 141lbs
Optional purchase: 4PBFC.04 Napoli Cantilever Parasol – Freestanding Base, 4PBUC.04 Napoli Cantilever Parasol – In-ground Base
Note: Both the 3.5m and 4m canopy can be tilted and turned through 360 degrees, as the sun lowers and moves across the sky. A storage cover is supplied to protect the parasol when not in use

4PSCS
Parasol Storage Cover – Small

Length: 190cm – 75" Width: 40cm – 16"
Weight: 1kg – 2lbs
Note: High quality zipped parasol storage cover, suitable for Sail parasols or similar sized parasols

4PSCL
Parasol Storage Cover – Large

Length: 250cm – 98" Width: 40cm – 16"
Weight: 1.5kg – 3lbs
Note: High quality zipped parasol storage cover, suitable for Napoli parasols or similar sized parasols

Sail

Sail parasols are available in circular, rectangular, or square form and in sizes from 2.5m square to 4m circular. Sail is made with anodised aluminium poles and the struts are accented with nickel-plated solid brass fittings for an excellent finish. All our parasols are supplied complete with a night storage cover. Optional parasol storage covers are available and can be purchased.

Freestanding and in-ground fixing bases are available for these parasols (not included). A base should always be used with all parasols. Bases are supplied as standard, freestanding, floor fixing or in-ground. Our custom-made parasol bases are made of steel which receives a zinc electroplating to retard oxidation, then a final coat of a durable grey powder coat paint finish.

All our shade products are stocked in Sunbrella® ‘Canvas’. Special orders in other Sunbrella fabrics are available at a higher cost – please enquire.

Product care

At the end of the season, we suggest you clean your cushions and parasols before storing them in a dry, well-ventilated area. Although Sunbrella® fabric will not mildew or mould, we recommend that the canopy is cleaned regularly to prevent the accumulation of dirt on the fabric.

To clean and maintain your cushions and parasols, we recommend removing dirt, grease, oil, and mould. After cleaning the use of ‘Barlow Tyrie Fabric Weather Guard’ (4FWG) protects the fabric from the aging effects of weather.

Sail features:

- Anodised aluminium pole and struts
- Beautiful nickel-plated brass fittings
- Engineered telescopic mechanism
- All our parasols are supplied complete with a night storage cover
- Standard, freestanding or in-ground bases are required for these parasols (not included)
- Minimal maintenance
- USA only: special order Sunbrella® canopies available

4SA25S.302
Sail Parasol 2.5m Square – 48mm pole
(.302 Canvas coloured)

Length: 251cm – 99" Width: 251cm – 99"
Height: 266cm – 105" Weight: 17kg – 37lbs
Assembly: Not Required
Optional purchase: 4PBM Parasol Standard Base 48 – Medium, 4PBFM Parasol Freestanding Base 48 – Medium, 4PBFFM Parasol Floor Fixing Base 48 – Medium, 4PBUM Parasol In-ground Base 48 – Medium

4SA30C.302
Sail Parasol 3m Circular – 48mm pole
(.302 Canvas coloured)

Diameter: 302cm – 119"
Height: 266cm – 105"
Weight: 18kg – 40lbs
Assembly: Not Required
Optional purchase: 4PBM Parasol Standard Base 48 – Medium, 4PBFM Parasol Freestanding Base 48 – Medium, 4PBFFM Parasol Floor Fixing Base 48 – Medium, 4PBUM Parasol In-ground Base 48 – Medium

4SA30R.302
Sail Parasol 3m x 2.2m Rectangular – 48mm pole
(.302 Canvas coloured)

Length: 300cm – 118" Width: 220cm – 87"
Height: 276cm – 109" Weight: 18kg – 40lbs
Assembly: Not Required
Optional purchase: 4PBM Parasol Standard Base 48 – Medium, 4PBFM Parasol Freestanding Base 48 – Medium, 4PBFFM Parasol Floor Fixing Base 48 – Medium, 4PBUM Parasol In-ground Base 48 – Medium

All our parasols are supplied complete with a night storage cover – see previous page 193.

4SA35R.302
Sail Parasol 3.5m x 2.5m Rectangular – 61mm pole
(.302 Canvas coloured with telescopic pole)

Length: 355cm – 140"
Width: 254cm – 100"
Height: 270cm – 106" Weight: 24kg – 53lbs
Assembly: Not Required
Optional purchase: 4PBL Parasol Standard Base 61 – Large, 4PBFL Parasol Freestanding Base 61 – Large, 4PBFFL Parasol Floor Fixing Base 61 – Large, 4PBUL Parasol In-ground Base 61 – Large

4SA40C.302
Sail Parasol 4m Circular – 61mm pole
(.302 Canvas coloured with telescopic pole)

Diameter: 403cm – 159"
Height: 270cm – 106" Weight: 24kg – 53lbs
Assembly: Not Required
Optional purchase: 4PBL Parasol Standard Base 61 – Large, 4PBFL Parasol Freestanding Base 61 – Large, 4PBFFL Parasol Floor Fixing Base 61 – Large, 4PBUL Parasol In-ground Base 61 – Large

Parasol Weighted Bases

Our custom made parasol bases are made of steel which receives a zinc electroplating to retard oxidation, then a final coat of a durable grey powder coat paint finish.

A blanking cap fills the parasol hole in your table when used without a parasol. A reducer ring minimises movement of a parasol pole in a table top. The pole diameter of your parasol determines the correct size to use.

Blanking caps and reducer rings are available in materials to complement your ceramic, teak, powder-coated or HPL table top.

4PR.00

Parasol Hole Blanking Cap – Brass

Diameter: 8cm – 3" Depth: 0.8cm – 0.32"
Weight: 0.25kg – 0.55lbs

The brass blanking caps fill the parasol hole in your table when used without a parasol. Reducer rings come in three sizes and the pole diameter of your parasol determines the correct size to use.

4PR.38

Parasol Hole Reducer Ring 38mm – Brass

Diameter: 8cm – 3" Depth: 0.8cm – 0.32"
Weight: 0.15kg – 0.33lbs

A brass reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø38mm.

4PR.48

Parasol Hole Reducer Ring 48mm – Brass

Diameter: 8cm – 3" Depth: 0.8cm – 0.32"
Weight: 0.15kg – 0.33lbs

A brass reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø48mm.

4PR.61

Parasol Hole Reducer Ring 61mm – Brass

Diameter: 8cm – 3" Depth: 0.8cm – 0.32"
Weight: 0.1kg – 0.22lbs

A brass reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø61mm.

2RH.36

Parasol Hole Blanking Cap – Teak

Diameter: 8cm – 3" Depth: 1.5cm – 0.6"
Weight: 0.35kg – 0.77lbs

The solid teak caps fill the parasol hole in your table when used without a parasol. Reducer rings come in three sizes and the pole diameter of your parasol determines the correct size to use.

4PR.37

Parasol Hole Reducer Ring – Teak

Diameter: 8cm – 3" Depth: 1.5cm – 0.6"
Weight: 0.25kg – 0.55lbs

A teak reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø38mm.

4PRSS.00

Parasol Hole Blanking Cap – Stainless steel

Diameter: 8cm – 3" Depth: 0.8cm – 0.32"
Weight: 0.25kg – 0.55lbs

The blanking caps fill the parasol hole in your table when used without a parasol. Reducer rings come in three sizes and the pole diameter of your parasol determines the correct size to use.

4PRSS.38

Parasol Hole Reducer Ring 38mm – Stainless steel

Diameter: 8cm – 3" Depth: 0.8cm – 0.32"
Weight: 0.15kg – 0.33lbs

A reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø38mm.

4PRSS.48

Parasol Hole Reducer Ring 48mm – Stainless steel

Diameter: 8cm – 3" Depth: 0.8cm – 0.32"
Weight: 0.15kg – 0.33lbs

A reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø48mm.

4PRSS.61

Parasol Hole Reducer Ring 61mm – Stainless steel

Diameter: 8cm – 3" Depth: 0.8cm – 0.32"
Weight: 0.1kg – 0.22lbs

A reducer ring minimises movement of a parasol pole in a table top. This parasol hole takes a pole diameter of Ø61mm.

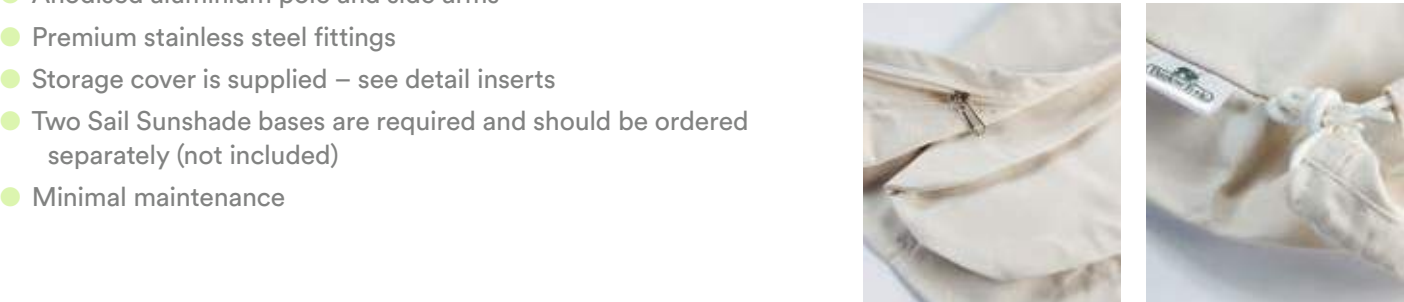

Sail Sunshade

Our Sunshades are designed to have the strength to match their size, and are built with great attention to detail. We use anodised aluminium and premium stainless steel to ensure the highest quality. All our sunshade canopies are made from durable Sunbrella® fabric, which is woven from 100% solution-dyed acrylic, colour-fast fibre.

Our two retractable Sunshades (with optional side curtains) are designed for large seating arrangements and are ideal for creating your own shaded ‘alfresco’ dining area.

Sail Sunshades features:

- Anodised aluminium pole and side arms
- Premium stainless steel fittings
- Storage cover is supplied – see detail inserts
- Two Sail Sunshade bases are required and should be ordered separately (not included)
- Minimal maintenance

4SAS40.302

Weight: 5kg – 11lbs
Optional purchase: 4SAS50 Sail Sunshade 3m x 5m

Standard Bases – should only be used with the parasol through a table.

4PBLH

Parasol Base Standard Ø61 pole – Large High Dining

Base Length: 60cm – 24"

Base Width: 60cm – 24" Height: 75cm – 30"

Weight: 30kg – 66lbs Included: 4PBPSD

Parasol Base – Standard plate, 4PBT LH Parasol Base – Large High Dining Tube (takes a pole diameter Ø61mm)

4PBMH

Parasol Base Standard Ø48 pole – Medium High Dining

Base Length: 60cm – 24"

Base Width: 60cm – 24" Height: 75cm – 30"

Weight: 29kg – 64lbs Included: 4PBPSD

Parasol Base – Standard plate, 4PBT MH Parasol Base – Large Counter-Height Dining Tube (takes a pole diameter Ø48mm)

4PBL

Parasol Base Standard Ø61 pole – Large

Base Length: 60cm – 24"

Base Width: 60cm – 24" Height: 44cm – 17"

Weight: 29kg – 64lbs Included: 4PBPSD

Parasol Base – Standard plate, 4PBT L Parasol Base – Large Tube (takes a pole diameter Ø61mm)

4PBM

Parasol Base Standard Ø48 pole – Medium

Base Length: 60cm – 24"

Base Width: 60cm – 24" Height: 44cm – 17"

Weight: 24kg – 53lbs Included: 4PBPSD

Parasol Base – Standard plate, 4PBT M Parasol Base – Medium Tube (takes a pole diameter Ø48mm)

4PBS

Parasol Base Standard Ø38 pole – Small

Base Length: 60cm – 24"

Base Width: 60cm – 24" Height: 41cm – 16"

Weight: 23kg – 51lbs Included: 4PBPSD

Parasol Base – Standard plate, 4PBT S Parasol Base – Small Tube (takes a pole diameter Ø38mm)

4PBSS

Parasol Base Sail Sunshade – for 4SAS40 or 4SAS50 (two bases required)

Base Length: 100cm – 39"

Width: 50cm – 20" Height: 31cm – 12"

Weight: 39kg – 86lbs Included: 4PBPS

Parasol Base – Sail Sunshade plate, 4PBT SS Parasol Base – Sail Sunshade Tube

4PBPL

Parasol Pedestal/Bistro Base Ø59 – Large

Base Diameter: 59cm – 23" Weight: 22kg – 49lbs

Optional purchase: 2EQC10.T Bistro Table 100, 2EQCH10 Equinox high dining table

4PBPS

Parasol Pedestal/Bistro Base Ø39 – Small

Base Diameter: 39cm – 15"

Weight: 11kg – 24lbs

Optional purchase: 2EQC07.T Bistro Table 70, 2EQCH07 Equinox high dining table

Parasol tubes

The pole diameter of your parasol determines the correct size of tube to use.

4PBTSS – Sail Sunshade: for our 4SAS40 or 4SAS50.

4PBT S – Small: Parasol tube takes Ø38mm diameter pole.

4PBT M – Medium: Parasol tube takes Ø48mm diameter pole.

4PBT L – Large: Parasol tube takes Ø61mm diameter pole.

4PBT LH – Large High Dining: Parasol tube that is longer for the high dining sets, takes Ø61mm diameter pole.

Freestanding Bases – have rollers on one edge to aid positioning with the parasol in situ.

4PBFLH

Parasol Base Freestanding Ø61 pole – Large High Dining

Base Length: 74cm – 29"

Base Width: 74cm – 29"

Height: 75cm – 30" Weight: 48kg – 105lbs

Included: 4PBPF Parasol

Base – Freestanding plate, 4PBT LH Parasol Base – Large High Dining Tube (takes a pole diameter Ø61mm)

4PBFMH

Parasol Base Freestanding Ø48 pole – Medium High Dining

Base Length: 74cm – 29"

Base Width: 74cm – 29"

Height: 75cm – 30" Weight: 47kg – 103lbs

Included: 4PBPF Parasol

Base – Freestanding plate, 4PBT MH Parasol Base – Large Counter-Height Dining Tube (takes a pole diameter Ø48mm)

4PBFL

Parasol Base Freestanding Ø61 pole – Large

Base Length: 74cm – 29"

Base Width: 74cm – 29"

Height: 44cm – 17" Weight: 47kg – 103lbs

Included: 4PBPF Parasol

Base – Freestanding plate, 4PBT L Parasol Base – Large Tube (takes a pole diameter Ø61mm)

4PBFM

Parasol Base Freestanding Ø48 pole – Medium

Base Length: 74cm – 29"

Base Width: 74cm – 29"

Height: 44cm – 17" Weight: 46kg – 101lbs

Included: 4PBPF Parasol

Base – Freestanding plate, 4PBT M Parasol Base – Medium Tube (takes a pole diameter Ø48mm)

4PBFS

Parasol Base Freestanding Ø38 pole – Small

Base Length: 74cm – 29"

Base Width: 74cm – 29" Height: 41cm – 16"

Weight: 45kg – 99lbs Included: 4PBPF

Parasol Base – Freestanding plate, 4PBT S Parasol Base – Small Tube (takes a pole diameter Ø38mm)

4PBFC.04

Napoli Cantilever Parasol – Freestanding Base (Champagne Frame)

Length: 97cm – 38" Width: 97cm – 38"

Height: 8cm – 3" Weight: 38kg – 84lbs

Note: To counter-weight and balance the 3.5m and 4m Napoli Cantilever Parasol, the 4PBFC base requires x12 concrete slabs: (not supplied) 45cm x 45cm x 3cm. Standard, Freestanding, Floor fixing or In-ground bases are required for our parasols (not included).

Floor Fixing Bases – are bolted to a solid surface with the tube and connecting plate removable, when not in use.

4PBFFLH

Parasol Base Floor Fixing Ø61 pole – Large High Dining

Base Length: 30cm – 12"

Base Width: 30cm – 12"

Height: 75cm – 30" Weight: 9kg – 20lbs

Included: 4PBF Parasol Base – Floor Fixing, 4PBT LH Parasol Base – Large High Dining Tube (takes a pole diameter Ø61mm)

4PBFFMH

Parasol Base Floor Fixing Ø48 pole – Medium High Dining

Base Length: 30cm – 12"

Base Width: 30cm – 12"

Height: 75cm – 30" Weight: 8kg – 18lbs

Included: 4PBF Parasol Base – Floor Fixing, 4PBT MH Parasol Base – Large Counter-Height Dining Tube (takes a pole diameter Ø48mm)

4PBFFL

Parasol Base Floor Fixing Ø61 pole – Large

Base Length: 30cm – 12"

Base Width: 30cm – 12"

Height: 44cm – 17" Weight: 8kg – 18lbs

Included: 4PBF Parasol Base – Floor Fixing, 4PBT L Parasol Base – Large Tube (takes a pole diameter Ø61mm)

4PBFFM

Parasol Base Floor Fixing
Ø48 pole – Medium

Base Length: 30cm – 12"
Base Width: 30cm – 12"
Height: 44cm – 17" Weight: 8kg – 18lbs
Included: 4PBF Parasol Base – Floor Fixing,
4PBTM Parasol Base – Medium Tube
(takes a pole diameter Ø48mm)

4PBFFS

Parasol Base Floor Fixing Ø38 pole – Small

Base Length: 30cm – 12"
Base Width: 30cm – 12" Height: 42cm – 17"
Weight: 7kg – 15lbs Included: 4PBF Parasol
Base – Floor Fixing,
4PBTS Parasol Base – Small Tube
(takes a pole diameter Ø38mm)

4PBFFSS

Parasol Base Floor Fixing – for 4SAS40 or
4SAS50
(two bases required)

Base Length: 30cm – 12"
Base Width: 30cm – 12" Height: 31cm – 12"
Weight: 8kg – 18lbs
Included: 4PBF Parasol Base – Floor Fixing,
4PBTSS Parasol Base – Sail Sunshade Tube

In-ground Bases – comprises a
tube sized for your parasol, a
connecting plate and a base
that is concreted into the
ground. The tube can be
removed when not in use.

4PBULH

Parasol Base In-ground Ø61 pole – Large
High Dining

Base Length: 10cm – 4"
Base Width: 10cm – 4" Height: 121cm – 48"
In-ground depth: 47cm – 19"
Weight: 7kg – 15lbs Included: 4PBU
Parasol In-ground Base, 4PBT LH Parasol
Base – Large High Dining Tube (takes a pole
diameter Ø61mm)

4PBUMH

Parasol Base In-ground Ø48 pole – Medium
High Dining

Base Length: 10cm – 4"
Base Width: 10cm – 4" Height: 121cm – 48"
In-ground depth: 47cm – 19"
Weight: 6kg – 13lbs Included: 4PBU
Parasol In-ground Base, 4PBTMH Parasol
Base – Large Counter-Height Dining Tube
(takes a pole diameter Ø48mm)

4PBUL

Parasol Base In-ground Ø61 pole – Large

Base Length: 10cm – 4"
Base Width: 10cm – 4" Height: 89cm – 35"
In-ground depth: 47cm – 19"
Weight: 6kg – 13lbs Included: 4PBU
Parasol In-ground Base, 4PBT L Parasol
Base – Large Tube
(takes a pole diameter Ø61mm)

4PBUM

Parasol Base In-ground Ø48 pole – Medium

Base Length: 10cm – 4"
Base Width: 10cm – 4" Height: 89cm – 35"
In-ground depth: 47cm – 19"
Weight: 5kg – 11lbs Included: 4PBU Parasol
In-ground Base, 4PBTM Parasol
Base – Medium Tube
(takes a pole diameter Ø48mm)

4PBUS

Parasol Base In-ground Ø38 pole – Small

Base Length: 10cm – 4"
Base Width: 10cm – 4" Height: 87cm – 34"
In-ground depth: 47cm – 19"
Weight: 5kg – 11lbs Included: 4PBU Parasol
In-ground Base, 4PBTS Parasol
Base – Small Tube
(takes a pole diameter Ø38mm)

4PBUSS

Parasol Base In-ground – for 4SAS40 or
4SAS50
(two bases required)

Base Length: 10cm – 4"
Base Width: 10cm – 4" Height: 77cm – 31"
In-ground depth: 47cm – 19"
Weight: 6kg – 13lbs
Included: 4PBU Parasol In-ground Base,
4PBTSS Parasol Base – Sail Sunshade Tube

4PBUC.04

Napoli Base In-ground – for Cantilever
Parasols
(Champagne Frame)

Length: 8cm – 3" Width: 8cm – 3"
Height: 85cm – 33"
Inground depth: 47cm – 19"
Weight: 11kg – 24lbs
Included: 4PBUC-A-G Parasol In-ground
Cantilever Anchor Base, 4PBUC.04
Parasol In-ground Cantilever

Materials & Accessories

Barlow Tyrie is renowned worldwide for luxury outdoor furniture that strikes the highest note in quality and style.

We use the finest grade of FLEGT-licenced teak wood, marine grade stainless steel, and aluminium for our furniture plus all-weather fabric for our cushions. Our hardware and fittings are made from solid brass or, where strength dictates, stainless steel.

Each collection is made with an uncompromising pursuit of quality, whether it is in the materials used or the craftsmanship employed - this is our ethos.

Cushion Colours

Our cushions are manufactured using Sunbrella®, a colourfast fabric that is made from a durable, all-weather, 100% solutiondyed Teflon® coated acrylic fibre. This fabric repels water, but cushions should not be left out in heavy rain for prolonged periods. If cushions do become saturated, place them on edge until dry.

Most fabrics are available in Sunbrella® Standard and Sunbrella® Rain® fabric. Rain® fabric has an additional barrier that makes the fabric waterproof and the surface of the cushion quick drying. Please note that although the fabric is waterproof, zips and venting will allow ambient moisture from the atmosphere to enter the cushion. Please do not store cushions until dry. There is an additional charge for cushions in Sunbrella® Rain® fabric.

Ordering cushions

When ordering cushions, please suffix the fabric colour code to the cushion code. For stock colours outside the USA please see our current selection opposite. If the waterproof Sunbrella® Rain® option is required, please add a ‘V’ to the fabric code, e.g. Canvas Natural = SJA-5404 V.

USA

In the USA, a much wider selection of Sunbrella® fabrics is available and we make all cushions to special order – please see the Sunbrella® website: www.sunbrella.com/en-us/. We price cushions by grade with different fill and welt options available. Customer’s Own Material (C.O.M.) orders are welcome, please email your enquiry to: USsales@teak.com.

Sunbrella® features:

- The unique formula of Sunbrella® fabric together with their high production standards make the fabric easy to clean and fade resistant
- Please note that standard stock colours may not apply to the USA stockists. Due to the vast choice available from Sunbrella® fabrics, we bespoke manufacture our cushions and pillows to order
- In the USA, selected Sunbrella® Rain® fabrics are available as an option
- Please note when ordering cushions in USA – the fabric name, colour and/or fabric code used are sometimes different
- Note: Sunbrella® Taupe cushion colour has two different codes, in the European Collection 3729 which is fire retardant and in the North America Collection 5461 V is available as Rain® V77 fabric

Are our fabrics waterproof?

Yes – we have cushions in Sunbrella® Rain® fabric that has an additional barrier finish, which makes the fabric waterproof and quick drying. The zips and vents are not waterproof but are protected from rain by a folded flap. Cushions should be placed with the flap down, as illustrated to the right. Cushion covers are designed to provide maximum weather protection with comfort and breathability.

Optional waterproofing for your cushions

When ordering cushions, please suffix your fabric code to the cushion code. If the waterproof option is required, please add (V) to the fabric code, e.g. SJA-5404-V Canvas Natural. There is an additional charge for Rain® barrier finish fabrics. If you require help in choosing your cushions then please telephone or email your enquiry – please see our website for contact details.

How do I clean cushions?

One of the best ways to keep your cushions looking good and to minimise the need for deep or vigorous cleaning is to properly maintain the fabric. You can do this by brushing off dirt before it becomes embedded in the fabric and, wiping or spot cleaning spills as soon as they occur. A stain repellent may be applied to the fabric. A comprehensive guide to cleaning various spills is available on the Sunbrella® website.

After cleaning cushion and parasol fabric we recommend the use of ‘Barlow Tyrie Fabric Weather Guard’ (4FWG). It is easier to leave the cushion covers on during the cleaning process. Cushions that are cleaned before storage will be ready and waiting for the sun to shine. Please do not store cushions until fully dry.

Scatter cushions are priced separately.

For cushion colours please check the fold out swatch on the back cover

Materials & Accessories

Parasols

Parasols are manufactured from Sunbrella® canopy fabric; a durable, 100% solution-dyed acrylic. The colour is locked deep inside the yarn to give excellent resistance to fading often caused by sunlight and cleaning. A stain repellent has been applied to the fabric to make the cleaning process easier.

Sail Sunshade are available in .302 'Canvas colour' only. Our Sunshades are designed to have the strength to match their size and are built with great attention to detail.

Parasol and Sunshade fabric features:

- Our parasol 'Canvas colour' fabric is made from 100% solution-dyed acrylic yarn
- Both Napoli and Sail parasols and sunshade are available in the .302 'Canvas colour' only
- Special order canopies are available in the USA for most parasols other than Cantilever or Sunshade – please enquire at: USsales@teak.com

Slings and Cord

Atom, Aura, Equinox, Horizon, Mercury, and Monterey

All slings are made either from Textilene®, a woven PVC -coated polyester yarn or Sunbrella® woven fabric, for extra luxury.

Focusing on subtle patterns that read as textures, Sunbrella® sling allows you to achieve an elevated indoor aesthetic in an outdoor setting. These materials guarantee that our slings are strong, durable, mildew resistant, and require the minimum of maintenance. After rain, a light tap and any water simply drops off. To keep your Sunbrella® fabrics and Textilene® slings in optimum condition we recommend using ‘Woven & Sling Non-Foam Cleaner’ (4WTC).

The Atom armchair seat is made from Denim Sunbrella® sling fabric to create a clean line that is comfortable. Our elegant Monterey armchair is built using quality materials and refined construction methods, combining a sculpted solid teak frame. The seat and back use braided all-weather cord that’s a woven blend of Olefin fibre (a key feature is its colour-fastness) and all-weather Textilene®, making it rugged but with a soft hand. Monterey offers a choice of two cord colours: .400 Brown or .401 Chalk.

Slings & Cord features:

- Over two hundred feet of all-weather Textilene® cord is used for the dining Monterey armchair seat and backrest
- Sunbrella® fabric sling blends the strength of PVC with the softness of Sunbrella® acrylic yarn for added comfort
- Minimal care and maintenance
- Resistant to the outdoor environment

Sling fabrics – Textilene® and Sunbrella® The Aura collection is available in 3 set colourways. When ordering from these collections, please add the correct colour suffix to the product code. Aura non-Modular and Modular seating comes in the standard frame + Textilene® sling colour. The Equinox stainless steel extending dining table 360, is available powder coated/painted, in 2 colourways: .01 Graphite powder coated frame and .808 Dusk ceramic tabletop, with matching .513 Carbon Sunbrella® fabric slings for dining side chair and armchair. .02 Arctic White powder coated frame and .806 Frost ceramic tabletop, with matching .512 Seagull Sunbrella® fabric slings for dining side chair and armchair. The Equinox or Mercury ‘powder coated/painted’ armchairs (and loungers) are available in both Carbon and Seagull Sunbrella® sling colours, which complement the tables. The Atom armchair uses Denim Sunbrella® sling fabric. This sling fabric blends the strength of PVC with the softness of Sunbrella® acrylic yarn for added comfort.

Powder Coated Frames

Atom, Aura, Equinox, Layout, Mercury, Monterey and Titan

These products are powder coated to give a long period of maintenance free service with a stunning visual effect. We use an environmentally-friendly process to clean and etch the aluminium and stainless steel before applying a high quality oven-fired powder coating.

Equinox, Layout and Mercury offer powder coated dining side chairs, armchairs and settees, using a ‘marine grade’ stainless steel frame and seating in complimentary sling colours.

The Equinox extending dining table 360 features a .01 Graphite powder coated frame with a .808 Dusk ceramic top or a .02 Arctic White frame with a .806 Frost ceramic top. Monterey tables have a .02 Arctic White frame with a .806 Frost ceramic top or a .01 Graphite frame with a .805 Oxide ceramic top.

Product care and maintenance

For powder coated finishes it is important that the finish is cleaned regularly using a solution of mild detergent in warm water to retain the aesthetic qualities and the expected long term durability. Surfaces should be cleaned using a soft cloth, sponge or a natural bristle brush, avoiding abrasive materials that may damage the finish. The frequency of cleaning depends upon the environment in which the products are placed but as a general guide an annual clean will suffice in most urban environments. In areas of high pollution, such as marine and swimming pools, cleaning should be carried out on a more frequent basis.

Aluminium and stainless steel products –

Frame touch-up paint colours

- 7TUP.01 “Graphite” touch-up paint – 12ml.
- 7TUP.02 “Arctic White” touch-up paint – 12ml.
- 7TUP.04 “Champagne” touch-up paint – 12ml.
- 7TUP.08 “Black” Titan range touch-up paint – 12ml.
- 7TUP.14 “Forge Grey” Layout range touch-up paint – 12ml.

Localised damage to powder coated finishes can generally be successfully repaired. The exact techniques depend on the nature and extent of the damage. Powder-coat is a “dry” baked on finish, not a “wet” applied paint, therefore, our “wet” touch-up paints do not exactly match the original colour.

- .04.502 Champagne + Titanium

The Equinox dining side chair and armchair plus the Mercury armchair are available in 2 colourways: .01 Graphite and .02 Arctic White powder coated frame, with bespoke matching fabric slings. The Titan products (right) are part of our Rustic Teak range of furniture. The serving table features an insulated ice box for drinks, drawers, bottle racks and a removable table extension leaf. The collection includes an extremely comfortable stacking armchair with shaped rustic teak back and seat on a black powder coated aluminium frame available in .08 Black. Touch-up paints for our furniture collections are available, to repair any damage that might occur during its lifetime of domestic use.

Ceramic Tabletops

We offer our ceramic tabletops in ‘high-fired’ ceramic that are ideal for outdoor use; scratch-proof, weather-resistant and attractive. All ceramics have a wipe clean surface with good colour stability

Monterey ceramic tabletops are available in Oxide and Frost and the Equinox ceramic tabletops, including our extending tables, use Frost and Dusk. Please note that we supply the Mercury serving table (2MES) with a standard ceramic top in Nero Black but we have a selection of optional ceramic tops (2MEST) as follows: .805 Oxide; .806 Frost and .808 Dusk.

Ceramic features:

- Ideal for outdoor use; scratch-proof, weather-resistant and long-lasting beauty
- Wipe clean surface and good colour stability
- A ‘high-fired’ Italian ceramic that is very functional

Oxide

How do I care for ceramic surfaces?

Ceramic resists scratching and is not harmed by organic and inorganic solvents, disinfectants, and detergents. It can be easily cleaned without affecting its surface characteristics. We recommend using no more than soapy water and a sponge to maintain the aesthetic and practical qualities of this exceptional material.

The aesthetic properties

The ceramic sheets we use are very large, which makes them ideal for a one-piece table top. In addition to being functional this ‘high-fired’ Italian ceramic has a lot of design detail.

What are the features of Laminam ceramic?

Manufactured using advanced techniques, the sheets combine reduced thickness and large size with very high resistance to mechanical stresses, chemicals, wear, scratches, deep abrasion and bending, are easy to sanitise, resistant to frost, fire, mould and UV rays. All the features and chromatic properties of the sheets are unalterable, and remain unchanged over time and in the presence of all kinds of weather conditions. A revolutionary material respectful of the environment: natural raw materials, sustainable technology, products entirely recyclable are the basis of Laminam’s green policy. Reaction to fire means “degree of participation of a material in the development and propagation of fire to which it is subjected”; as regards this feature, materials like Laminam is assigned to European classes according to their increased degree of participation in combustion, in accordance with standard EN 13501. The reaction to fire therefore assesses the higher or lower propensity a material has to participate in a fire. While the fire resistance, which is a property related to a system or a structure and not to a single material,

is different. Laminam does not contain organic material therefore it is resistant to fire and high temperatures. In the event of fire it does not release smoke or toxic substances.

Innovation

Ceramics have thicker, single layer sheets with a fibreglass mesh backing designed to ensure surface evenness. Often referred to as ‘high-fired’ due to the fact it is baked/fired in an electric kiln at exceptionally high temperatures (around 1220°C / over 2000°F) to produce a porcelain product that has high surface strength. The scientific term is *sintering*, the process of compacting and forming a solid mass of material by heat. These fine sheets are then cut, profiled, and polished by hand to give a smooth soft edge. This Italian made ceramic makes our tabletops exceptionally resistant to breakage. This product has many exceptional features, including;

- Non-porous, meaning it is naturally anti-bacterial and hygienic
- Does not require annual sealing unlike natural marble and granite
- Frost proof; winter snows will not harm it.
- Scratch-, stain- and UV-resistant properties

Materials & Accessories

Our inscription service is available for most of our teak armchairs, benches, and seats. The inscription is normally placed on the top rail but could be on the rail under the chair seating or on a table top. This 3D-lettering is carved in a traditional serif typeface using a 'V'-cut, which allows the inscription to be read easily from the side as well as from immediately in front, which is an advantage over a standard 'straight-cut' letter.

As an alternative to carved inscriptions, we offer bronze plaques with lettering set in cream vitreous enamel. A choice of lettering and font styles is available. The finished plaque is then recessed into the face of the rail and held in position using a special hidden vandal-proof fitting.

Inscription service and bronze plaque features:

- 3D-lettering is carved in a traditional serif typeface
- We use a 'V'-cut inscription, that is easily read from the side and immediately in front
- We offer bronze plaques, unique and bespoke in design, and we can make these to length

Carved Inscription – Serif font

Our carved inscription service may be used on most of our teak armchairs, benches and seats. We normally supply the inscription in capital letters using a Times New Roman serif font at 2.5cm (1") in height. If more than one line of text is required we might need to reduce the height of text depending on the model of seat. The maximum number of characters and length of an inscription will depend on the seat model, the length of the seat, the height of text, whether upper or lower case or the font used. Our Rothesay seat allows 3 rows of text whilst other seats can only accommodate up to 2 rows. Times New Roman is our standard font but we are able to supply bespoke inscriptions in other fonts plus inscriptions in foreign language scripts such as Chinese or Arabic. We can supply teak panels in a seat back with a logo or a club crest.

Bronze Plaques

Our bronze plaque service may be used with most of our seats and benches. We supply as standard a 57mm deep (approx. 2") bronze plaque with 6mm – (0.25") block letters, see detailed image opposite. However we can supply plaques to any size and lettering in any font – please inquire.

Bronze Plaque Letters

The engraved lettering is filled with vitreous cream enamel that is not affected by an outdoor environment. Alternative soft fillings, offered by other suppliers and often used on plaques sited inside a building, are totally unsuitable for use outdoors and should be avoided. Our plaques are recessed to finish flush with the surface of the seat rail with a hidden fixing that leaves the visible face of the plaque clear and makes its unauthorised removal difficult. Plaques allow you to be creative with your choice of font or image.

Materials & Accessories

We have two types of security fastener to prevent the unauthorised movement of seats or other items in public areas.

We supply stainless steel fixing irons that must be cast into a concrete block to secure a seat. We supply brass fixing brackets to secure any item of furniture in place on a solid floor. These polished brass security fasteners are supplied with tamper-proof fixings for use on concrete, paving, and wood floors.

Security fasteners features:

- Stainless steel seat fixing irons – set of 2
- Anchors a bench or chair into the ground
- Brass security fasteners – set of 4
- Supplied with tamper-proof fixings

Seat Fixing Irons (2 required – price each)

Length: 24cm – 9” Width: 4cm – 1.5”

Weight: 1kg – 2lbs

Note: Stainless steel seat security fasteners to prevent unauthorised movements of seats in public places. These fasteners must be cast into a concrete block.

Brass Security Fasteners (set of 4)

Width: 5cm – 2” Height: 8cm – 3”

Weight: 0.75kg – 1.5lbs

Note: A set of 4 polished brass security fasteners to prevent the unauthorised movement of seats or other items in public areas. Supplied with a tamper proof fixing for use on floors of concrete, paving or wood.

Care Products

Teak furniture can be left out all year round. However, as part of a maintenance programme we recommend the use of teak cleaner each spring to prepare your furniture for the season.

If untreated, teak will weather to a soft silver grey patina. If you wish to slow the weathering process and retain the golden teak colour, apply Teak Colour Guard before the weathering process begins. Although stainless steel products are made to withstand the rigours of an outdoor environment, regular care and maintenance is required to preserve the fine appearance of your furniture.

We offer care products for all the furniture we supply, which are easy to use and very effective. An annual or twice-yearly maintenance regime will be more than adequate in most instances to maintain your furniture in prime condition; however in coastal and chlorinated environments we recommend rinsing your stainless steel furniture with fresh water.

For powder coated furniture we suggest you clean and maintain your furniture with Powder Coated Stainless Steel & Aluminium Cleaner. To keep your Sunbrella® furniture fabrics and Textilene® slings in optimum condition we recommend using Woven & Sling Non-Foam Cleaner. We supply cleaning products with their own applicator pad.

4AC

Powder Coated Stainless Steel & Aluminium Cleaner

Quantity: 1litre Note: Powder Coated Stainless Steel & Aluminium Cleaner easily removes dirt, grease, oil, pollutants, and mould from your furniture. Supplied with its own special applicator pad.

4FWG

Fabric Weather Guard

Quantity: 1litre Note: Fabric Weather Guard protects the fabric and slows down the ageing effects of weathering. Supplied with its own special applicator pad.

4SSCG

Stainless Steel Clean and Guard

Quantity: 1litre Note: Stainless Steel Clean & Guard cleans and leaves a fine layer of Teflon® on the surface to help prevent the build up of contaminants. Supplied with its own special applicator pad.

4TCG

Teak Colour Guard

Quantity: 1litre Note: Teak Colour Guard helps to maintain the golden brown colour of new teak. Supplied with its own special applicator pad.

4TC

Teak Cleaner

Quantity: 1litre Note: Teak Cleaner cleans and restores discoloured, dark grey teak. Contains brightener ingredients which will restore your teak to its original colour. Supplied with its own special applicator pad.

4TO

Teak Oil

Quantity: 500ml Note: By choosing teak you have selected the finest, most durable material available for outdoor furniture. Teak Oil is the traditional method of retaining the original colour of new teak. Ensure that the wood is completely dry before applying with a brush or cloth. Apply liberally and wipe off the excess with a rag.

4TSG

Teak Stain Guard

Quantity: 1litre Note: Teak Stain Guard forms an invisible layer to protect your teak from everyday stains such as butter, oil, and red wine making the cleaning of accidental spills an easy task. Supplied with its own special applicator pad.

4WS

Anti-Wasp Solution

Quantity: 1litre Note: Anti-Wasp Solution is applied to outdoor furniture to deter wasps from defacing weathered wood.

Not available in the USA

4WTC

Woven & Sling Non-Foam Cleaner

Quantity: 1litre Note: Woven & Sling Non-Foam Cleaner is a non-foam agent that maintains woven furniture and Textilene® slings and Sunbrella® fabrics without unsightly residue. Supplied with its own special applicator pad.

Anti-Wasp Solution (not available in the USA)

Instructions for use:

1. Clean your furniutre thouroughly using Barlow Tyrie teak cleaner.
2. Apply a light coat of the Anti-Wasp solution with a clean, lint free cloth and allow to dry for 30 minutes.
3. Repeat the process and allow to dry for 1 hour before exposing to the sun or rain.
4. If necessary, repeat the treatment once or twice during the wasp season.

Frequently Asked Questions

Which materials does Barlow Tyrie use?

We combine the highest quality materials with superior craftsmanship and design to produce our furniture, resulting in a worldwide recognition for excellence. We have combined stainless steel with Textilene® or Sunbrella® slings and the highest grade teak with all-weather cord, which is woven from Olefin®. We powder-coat aluminium and stainless steel frames, and combine them with synthetic woven materials to produce contemporary furniture to our traditional high standard.

What is a FLEGT licence?

Our products are made of FLEGT-licensed timber from Indonesia. The legality of the timber in our products is assured through Indonesia’s national timber legality assurance system and FLEGT licensing scheme. FLEGT-licensed timber is considered to fully comply with the EU Timber Regulation. Customers who place our FLEGT-licensed timber products on the EU market do not have to undertake further due diligence.

For a complete list of terms and definitions, refer to the FLEGT Regulation of 2005 and its implementing regulation of 2008, the EU Timber Regulation of 2010, and its delegated and implementing regulations of 2012.

What is the teak weathering process?

Over a period of time in an outdoor environment, untreated teak furniture which is exposed to the sun will turn a beautiful silver-grey colour. The length of time this takes will vary with climatic conditions. Not only is it common for a teak bench, chair, or table to last 70 years standing out in the elements, it is also common to pass down such furniture to future generations as an heirloom.

Why do occasional cracks appear on my furniture?

Teak is a natural material and as such fine cracks in the end grain of components, e.g. legs and arms, may appear and then disappear with variations in the weather and

the consequent change in the moisture content of the wood. Such fine cracks are normal, especially in heavier components, and will not affect the life or serviceability of your furniture.

Do I need to store my furniture during the winter?

No, Barlow Tyrie teak furniture can be left outdoors, uncovered, all year round. If you choose to cover your furniture outdoors during the winter you should use a material that allows the wood to breathe. Optional furniture covers and storage bags are available.

TEAK

What are the properties of teak ?

Teak is a deciduous hardwood tree from managed plantations; it does not come from tropical rainforests. Teak has a naturally high oil content which makes it both stable and resistant to rotting when exposed to climatic extremes. For centuries these special qualities have made teak the preferred choice for marine decking and construction, hence it is considered the premium timber for outdoor furniture.

Teak wood will naturally weather from golden brown to a silver-grey patina colour. We recommend the following range of our Barlow Tyrie products to care for and maintain your Teak furniture. For additional information on this range, please see: <https://www.teak.com/care>

- Teak Cleaner (4TC) – will quickly remove accumulated dirt.

If you live in the UK and wish to maintain your furniture using our care products, but do not wish to do the work yourself, then we recommend you contact www.andrewbanks.co.uk who can provide a regular or one-time service according to your needs.

- Teak Colour Guard (4TCG) – will maintain the golden brown colour of new teak by using UV inhibitors to prevent the natural greying process and pigment enhancers to help maintain the natural colour of teak.
- Teak Stain Guard (4TSG) – forms an invisible layer to protect your teak from everyday stains such as butter, oil, and red wine, making the cleaning of accidental spills an easy task.

Do I need to oil my teak furniture?

Treating with teak oil or other preservatives is not necessary;

it will not extend the life of your furniture and is purely cosmetic. We do not recommend oiling your furniture.

Will the metal fittings on my furniture last as long as the teak?

We only use the best marine quality solid brass and stainless steel on our furniture. Neither of these will rust nor deteriorate with age.

Do I need to use a base if I am locating a parasol through a dining table?

Yes, all parasols must be located in the recommended parasol base for safety reasons. We supply our standard parasol base for use of a parasol through a dining table or a free-standing base is available for use without a table. Parasol plates are available for use with the Equinox and Bermuda pedestal tables.

Can we use any of your dining chairs with any of your standard-height tables?

Most of our dining chairs fit comfortably under most of our standard-height dining tables. However, there are exceptions, so if you wish to ‘mix and match’ please check the item specifications on our website or discuss your requirements with your stockist.

STAINLESS STEEL

What are the properties of stainless steel?

We manufacture our stainless steel furniture using 316 grade stainless steel, commonly known as ‘marine grade’. You will need a regular cleaning regime to keep your stainless steel furniture looking its best with more regular maintenance in harsh environments that include a concentration of salt or chlorine found in coastal areas or around a swimming pool. We have added selected products to our range with an attractive powder coated finish over 316 ‘marine grade’ stainless steel that gives a supreme ability to withstand the harshest marine environment.

If you have any questions or concerns about how 316 grade is affected or best suited for your area, please contact our customer services or email: info@teak.com.

We recommend that you wash on a regular basis with clean fresh water to remove the condensed chlorinated moisture droplets and use the following Barlow Tyrie product to care for and maintain your stainless steel furniture. Conventional

abrasive cleaners or strong acidic cleaners should never be used on stainless steel as this can cause permanent damage to the finish and the metal itself.

By maintaining a regular cleaning program of all the vulnerable surfaces, the quality of the stainless steel finish can be maintained for many years.

- Stainless Steel Clean & Guard (4SSCG) – cleans stainless steel and leaves a fine layer of Teflon® on the surface to help prevent the build-up of contaminants

ALUMINIUM

What are the properties of aluminium?

Aluminium is lightweight, which is why we have chosen to include it in our range. The aluminium we use is ‘virgin aluminium’, meaning it is not reclaimed from scrap and so is stronger and longer lasting. We powder-coat the aluminium to prevent oxidation and ensure it gives long service. We recommend the following Barlow Tyrie product to care for and maintain your aluminium furniture.

- Powder Coated Stainless Steel & Aluminium Cleaner (4AC) – easily removes dirt, grease, oil, pollutants, and mould.

WARRANTY

Materials and products have varying periods of warranty and guarantee for residential use that excludes damage due to misuse. For further details please see our website.

Please note, some large items are very heavy. Our delivery service delivers product to tailgate only; you will be responsible for arranging personnel to carry and position the furniture. If delivery is to a private address, you must assess access width, height, and manoeuvre room for a commercial furniture lorry. Advise the stockist if it is unsuitable prior to delivery. We will, of course, try to accommodate the wishes of our customers. Please make sure when ordering that you add the correct suffix to the product code. The suffix denotes: Frame colour + Sling colour + ceramic tabletop colour, etc. By correctly adding the code suffix we can process your order without delay.

e.g. Product reference code for an Aura Armchair = 1AUA.01.500

Product code [1AUA] + Graphite frame [.01] + Charcoal sling [.500].

Furniture Covers and Storage Bags

Our furniture covers are made using Weather MAX-LT®, a modified highly UV-resistant polyester fabric offering superior strength and durability with long-term colour retention.

This fabric is the industry’s most balanced and cost-effective fabric available for outdoor applications requiring high water repellency and excellent breathability; the perfect choice for outdoor furniture covers where lightness and ease of storage offer an advantage.

These lightweight, one-way breathable covers allow trapped moisture to disperse, but prevent rain and dust from penetrating. A unique fastening ensures a secure fit. The life and good looks of the cover depend a great deal on the way it is used and how it is cared for. The covers are easy to put on and remove, and can be stored in their own pouch when not required.

Helpful hints

If the furniture has any sharp corners or edges, place foam rubber on the sharp edge to reduce risk of puncture or abrasion of the covers. For table and chair combinations, placing an object, such as a beach ball, under the centre of the cover can help with water drainage. When covering the Dune day bed and ottoman please ensure that the ottoman and cushion are placed on top of the base cushion before covering.

Note: Covers for standard dining groups are designed to cover the furniture with the chairs not under the table. **Please allow 4 to 6 weeks for delivery.**

Furniture covers features:

- WeatherMAX-LT®, a modified highly UV-resistant polyester fabric
- Lightweight, one-way breathable covers allow trapped moisture to disperse
- Unique fastening ensures a secure fit

Cushion Colours

Our cushions are manufactured using Sunbrella®, a colour-fast fabric that is made from a durable, all-weather, 100% solution-dyed, Teflon®-coated acrylic fibre. This fabric repels water, but cushions should not be left out in heavy rain for prolonged periods.

Whilst great care has been taken to reproduce fabric and material colours as accurately as possible, it should be noted that due to the limitations of the litho-printing process, we cannot guarantee that the reproduction accurately represents true fabric textures and colours. Please take this into consideration as colours illustrated should only be used as a guide. Some images may contain discontinued fabric colours and furniture ranges.
