FAMILY DAY

OUTDOOR THERAPY STORIES

Amiamo la pace e la natura del lago, un luogo di verità.
Un piccolo mare di acqua dolce dove tutto sembra regolato da un ritmo speciale.
Il lago è uno specchio sincero e mentre noi disponiamo la vita
con atti di estrema vanità ed orgoglio,
non ci accorgiamo delle cose semplici, come la natura che ci circonda.
Amiamo la natura, vogliamo viverla e rispettarla per le opportunità che ci offre.
Libertà e benessere, purezza ed armonia rappresentano un modello di comportamento
che ogni giorno fa parte del nostro rituale.

*We love the peace and nature of the lake, a place of truth.
A small sea of fresh water where everything seems to be regulated by a special rhythm.
The lake is a sincere mirror and while we arrange life with acts of extreme vanity and pride,
we do not notice simple things, like the nature that surrounds us.
We love nature, we want to live it and respect it for the opportunities that it offers us.
Freedom and wellbeing, purity and harmony represent a behavior model
which is part of our everyday ritual.*

SUNRISE INSPIRED

I riflessi del nuovo giorno
sulla superficie dell'acqua
sono il paesaggio di ispirazione
che preferisco.
Comincio sempre la mia giornata
apprezzando i colori speciali
di questo momento magico ed intimo
che risveglia la vita.

*Reflections of a new day
on the surface of water
are my favorite inspirational
landscape.
I always start my day appreciating
special colors of this magical
and intimate moment
that awakens life.*

JUICY MORNING

La colazione è sempre il momento migliore per qualcosa di succoso, dolce e fresco, sembra proprio il modo giusto per iniziare la giornata.
Preferisco sempre il colore abbinato ai sapori autentici così la nostra tavola è allegra, giocosa ed anche sana.

*Breakfast is always the best moment for something juicy, sweet and fresh it really seems the right way to start the day.
I always prefer color combined with authentic flavors so our table is cheerful, playful and also healthy.*

COZY MEETING

Ci sono due cose che desidero trasmettere ai miei figli:
le radici e le ali.
Quando faranno le domande risponderò,
quando ci saranno i dubbi
gli farò sapere come risolverli.
Ma la libertà di pensiero
è come vivere all'aperto,
non ci sono confini nei paesaggi
come non c'è limite al desiderio
di realizzazione.

*There are two things
that I want to pass on to my children:
roots and wings.
When they ask questions
I will answer,
when they have doubts
I'll explain how to solve them.
But freedom of thought
is like living outdoors,
there are no boundaries
in the landscapes as there is no limit
to desire of realization.*

HOME OUT

Ho le mie personali convinzioni e valori,
e vivo per quelli.
Ma come artista, come fotografo ritrattista,
il mio lavoro è dire la verità
e catturare lo spirito di qualcuno
in un determinato giorno.
Quando le parole non sono chiare,
mi concentro sulle fotografie.
Quando le immagini diventano inadeguate,
mi accontenterò del silenzio.

*I have my personal beliefs and values,
and I live for those.
But as an artist, as a portrait photographer,
my job is to tell the truth
and capture someone's spirit
on a certain day.
When words are not clear,
I focus on photographs.
When images become inadequate,
I will be content with silence.*

FAMILY DAY

TOGETHERNESS

Una delle cose più belle della giornata
è il modo in cui dobbiamo interrompere regolarmente
tutto ciò che stiamo facendo per stare insieme.
Il pranzo è un intreccio di cucchiai, sorrisi, gesti,
ed anche qualche ricordo.

*One of the most beautiful things of the day
is the way in which we have to regularly stop
what we're doing to be together.
Lunch is a mix of spoons, smiles, gestures,
and also memories.*

SUNNY LAKESIDE

La luce può essere delicata, pericolosa, onirica, nuda, nebbiosa, calda, primaverile, calma e morbida.

Ma la luce è generosa, si dona liberamente, riempiendo tutto lo spazio disponibile.

Non cerca nulla in cambio;
non chiede se si è amici o nemici,
il mio mondo perfetto è luminoso.

Light can be delicate, dangerous, dreamlike, naked, misty, hot, vernal calm and soft.

But light is generous, it gives itself freely, filling all available space.

It looks for nothing in return; it does not ask if you are friends or enemies, my perfect world is bright.

PLAY TIME

I bambini hanno delle regole del gioco
innocenti e serie.

L'aria aperta suggerisce una creatività
che mantiene attiva la mente
ed è il sano fenomeno sociale che non finge nulla.
Forse la vita è l'unico gioco
in cui il gioco stesso è impararne le regole.

*Kids have innocent and serious rules of the game.
Open air suggests creativity
which keeps the mind active
and it is the healthy social phenomenon
that does not pretend anything.
Maybe life is the only game
where the game itself is learning the rules.*

CHILL OUT

Il momento della confidenza a fine giornata
è un attimo speciale,
il verde diventa più serio,
la brezza si è spenta,
la calma del lago diventa una cassa di risonanza pura,
in cui i dettagli prendono vita,
e le nostre azioni quotidiane diventano storia.

*The moment of confidence at the end
of the day is a special moment,
green becomes more serious, the breeze dies down,
the calm of the lake becomes a pure sounding board,
where details come to life,
and our daily actions become history.*

PRIVACY TIME

Si pianifica tutto,
ma la sera è il momento della casualità,
la notte che arriva
è come la cornice di un quadro,
dipinge un giorno incredibile,
o magari complicato,
ma non vorremmo che finisse mai
perché qui fuori tutto è una poesia,
lasciamo che tutto accada
secondo i ritmi della natura.

*Everything is planned
but the evening is the moment of randomness,
the night that comes
is like a picture frame,
it paints an incredible day,
or maybe complicated,
but we wouldn't want it to ever end
because here everything is a poem,
we let it all happen
according to the rhythms of nature.*

MONICA ARMANI TALKS ABOUT EMMA

Amo definire il mio design come una sorta di processo molecolare.
Per la collezione Emma ho creato le mie molecole per il progetto: segno e manifattura dell'intreccio, dettagli raffinati, definizione attenta delle proporzioni, un pizzico di heritage per un progetto/collezione assolutamente lasting.
Muovendomi nel DNA di Emma ho creato i nuovi oggetti per il relax, una raffinata dormeuse e un accogliente daybed.
La collezione Emma, fedele al suo DNA, cresce di anno in anno sempre più protagonista dell'outdoor therapy di Varaschin.

I love to define my design as a sort of molecular process. For the Emma collection, I created the project molecules: weaving design and manufacturing, refined details, careful definition of proportions, a bit of heritage for a lasting project/collection. Moving into Emma's DNA, I created new objects for relaxation, a refined dormeuse and a cozy daybed. The Emma collection, true to its DNA, grows more and more protagonist every year of Varaschin outdoor therapy.

DANIELE LO SCALZO MOSCHERI TALKS ABOUT STAR

Star nasce da una curiosità banale, il riflesso di una stella,
ma anche un cristallo di neve,
quante volte ho osservato il cielo.

La curiosità nell'ammirare la natura,
sembra un processo scontato ma non lo è.
Mi ispira e basta.

Mi ispira e basta.
Il tavolo Star è la naturale evoluzione della collezione
System, il segno romboidale delle gambe
che descrive il programma di panche e sedute
si intreccia in un gioco di linee, di pieni e vuoti,
dalla presenza leggera e caratterizzante.

*"Star" stems from a trivial curiosity,
the reflection of a star, of a snow crystal.
I've looked at the sky so many times.
The curiosity in admiring nature seems
a foregone process, but it's not. It just inspires me.
Star table is the natural evolution of the System collection;
the rhomboidal shape of the legs describes
a collection benches and seats intertwined
in a play of lines, full and empty,
with a light but characterizing presence.*

EDOARDO GHERARDI TALKS ABOUT NOSS

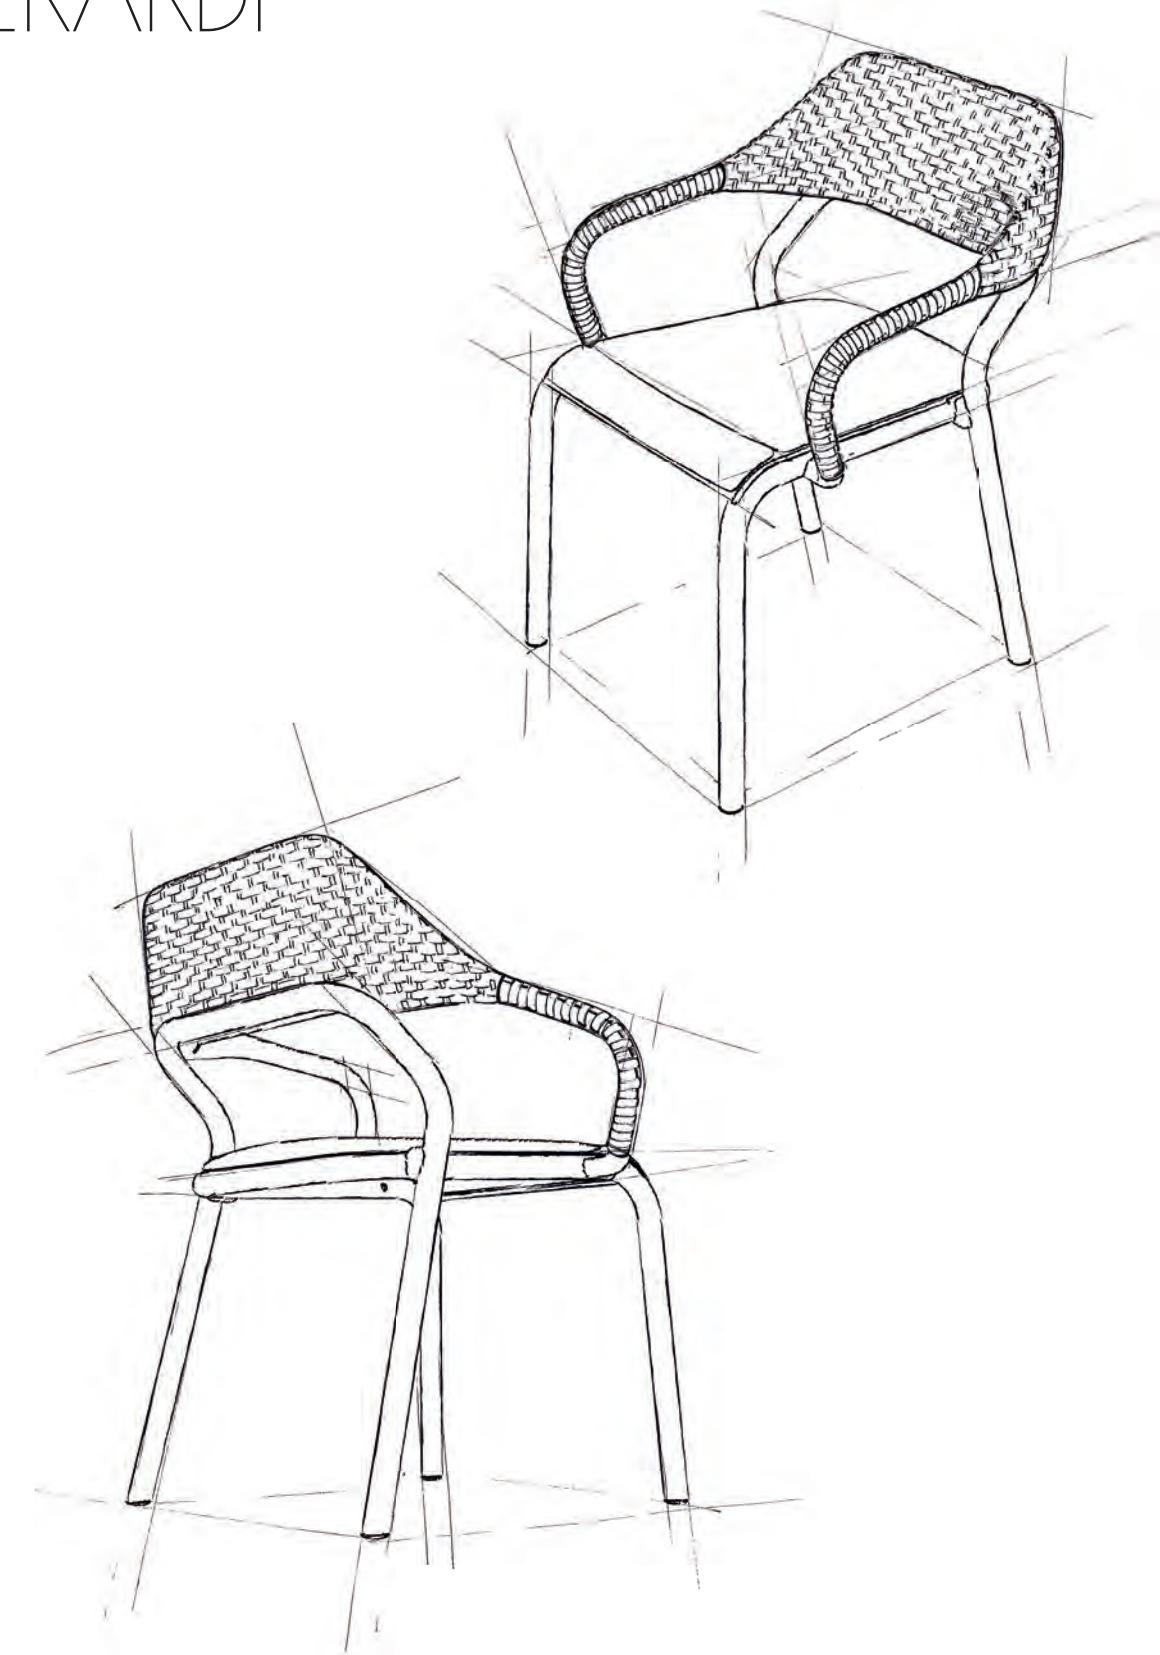

Composta di parti distinte ma tra loro corrispondenti e armonicamente disposte, Noss unisce tecnologia e innovazione.

Un nastro strutturale armonioso e leggero, ma al contempo robusto ed avvolgente, caratterizza il progetto in un perfetto equilibrio fra le parti in cui linee morbide e accoglienti abbracciano robustezza e solidità.

Per Noss il bilanciamento tra comodità, funzionalità e ricerca di un design innovativo, si unisce a materiali tecnologicamente avanzati in una alchimia di forme e funzioni, le quali trovano la massima valorizzazione nell'antica esperienza delle lavorazioni ad intreccio, caratterizzando fortemente questa seduta nata da un'esigenza di unire la tradizione e rinnovamento.

Composed of distinct but corresponding parts harmoniously arranged, Noss, combines technology and innovation. A structural rope, harmonious and light, but at the same time robust and enveloping, characterizes the project in a perfect balance between the parts in which soft and welcoming lines embrace strength and solidity.

For Noss, the balance between comfort, functionality and research for an innovative design joins technologically advanced materials in an alchemy of shapes and functions, which find the maximum value in the ancient experience of weaving, strongly characterizing this seat born from a need to combine tradition and modernity.

CALVI BRAMBILLA TALK ABOUT TIBIDABO

L'ispirazione nasce da un libro per bambini di Bruno Munari "Disegnare un albero", dove partendo da una schematizzazione grafica della crescita vegetale, Munari insegna a disegnare vari tipi di alberi: una semplice linea che rappresenta il tronco si moltiplica in maniera regolare e proporzionale fino a formare la chioma. Abbiamo pensato di portare questo schema di crescita su un foglio bianco e poi di curvare il foglio stesso attorno ai cuscini. Il risultato è un binomio di eleganza essenziale ed estrema semplicità associato a colorazioni bianco e nero che ne sottolineano l'estetica fortemente grafica.

The inspiration comes from a children's book by Bruno Munari, "Draw a tree". In the book Munari teaches how to draw various types of trees starting from a plant growth graphic schematization. A simple line represents the trunk and multiplies on a regular and proportional basis until it forms the foliage. We had the intuition to bring this growth pattern onto a white sheet and then bend the sheet around the pillows. The result is a combination of essential elegance and extreme simplicity associated with black and white colorings which emphasize the strong graphic aesthetics.

PIO E TITO TOSO TALK ABOUT PLINTO

Plinto nasce dalla ricerca di sintesi fra bellezza e funzionalità. Plinto si ispira alla natura, più precisamente ad un tronco di albero e alle sue radici che lo sostengono: paradigma di stabilità. Plinto è una base compatta che ispira sicurezza, linearità e pulizia ed è in grado di dialogare con l'architettura che la circonda. La particolare forma della base è ottenuta mediante una pressofusione di alluminio che si raccorda con continuità allo stelo, anch'esso di alluminio, ma estruso. La sezione ovale dello stelo consente di percepire una forma variabile con l'angolo di osservazione del tavolo.

*Plinto stems from the search for synthesis between beauty and functionality.
Plinto is inspired by nature, more precisely by a tree and its supporting roots: a stability paradigm.
Plinto is a compact base that inspires safety, linearity and cleanliness and is able to converse with the architecture that surrounds it.
The particular shape of the base is obtained by means of an aluminum die-casting, continuously connected to the stem which is also made of aluminum, but extruded.
The oval section of the stem allows you to perceive a variable shape according to the viewing angle.*

BENTO

DESIGN CALVI BRAMBILLA

Collezione componibile imbottita con gomme. Versione outdoor: struttura portante in legno massello di okumé e imbottitura con gomme Dryfeel® da esterno.

Versione indoor: struttura portante in legno massello di abete e imbottitura in gomma normale da interno.

Disponibile con due differenti tipologie di piedini: Botero e Slim.

Bento si caratterizza per la possibilità di creare molteplici combinazioni che facilmente possono essere definite e successivamente anche modificate a discrezione del Cliente. È possibile, infatti, con semplici operazioni modificare più volte la combinazione iniziale ridisponendo a piacimento i moduli già acquistati.

Allo stesso modo il Cliente può aggiungere moduli supplementari acquistabili in un secondo momento, rispettando semplicemente le regole di composizione.

MODELLO REGISTRATO

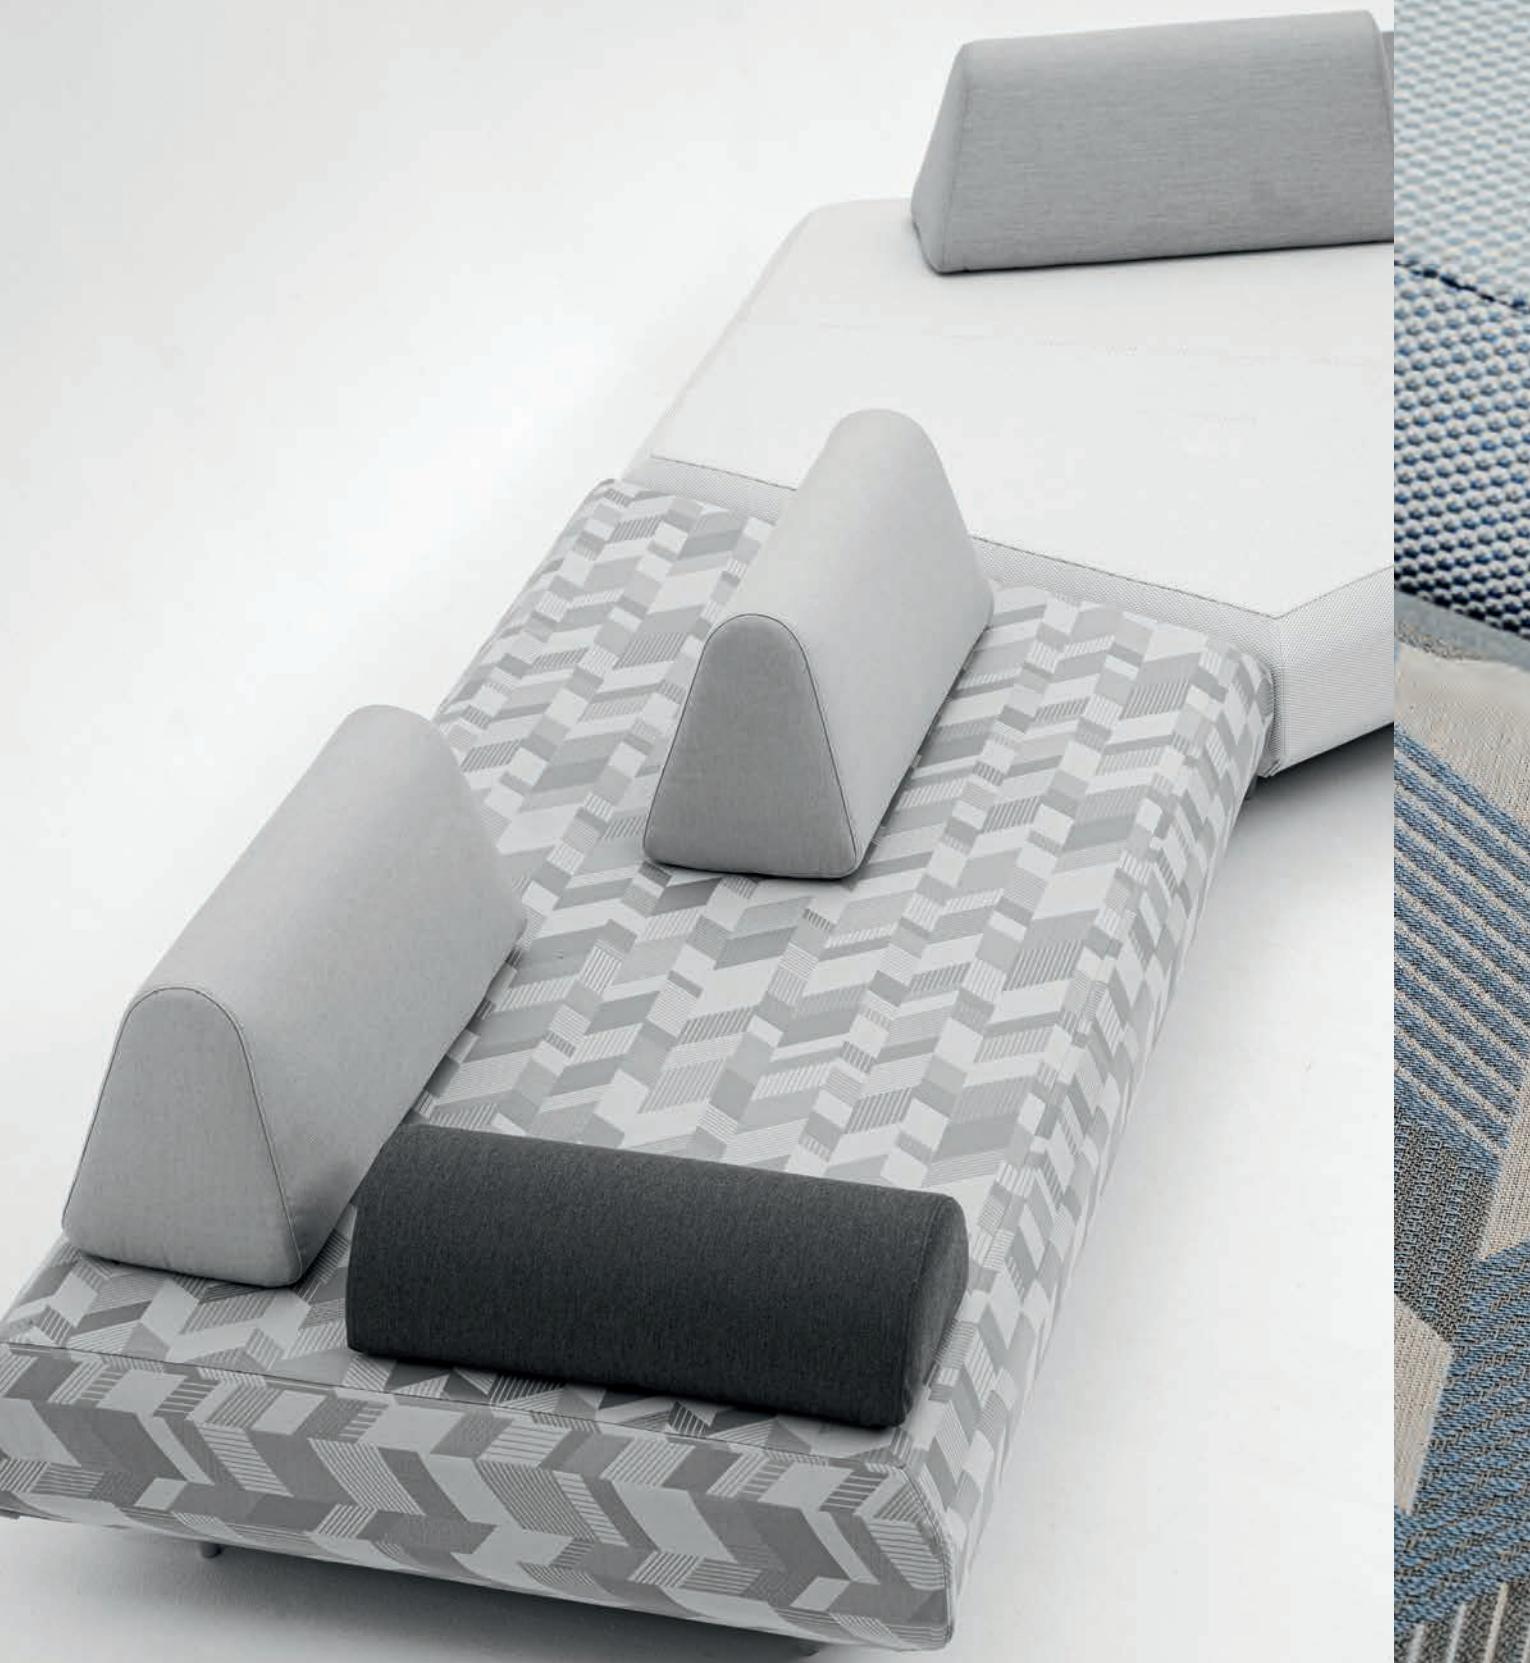

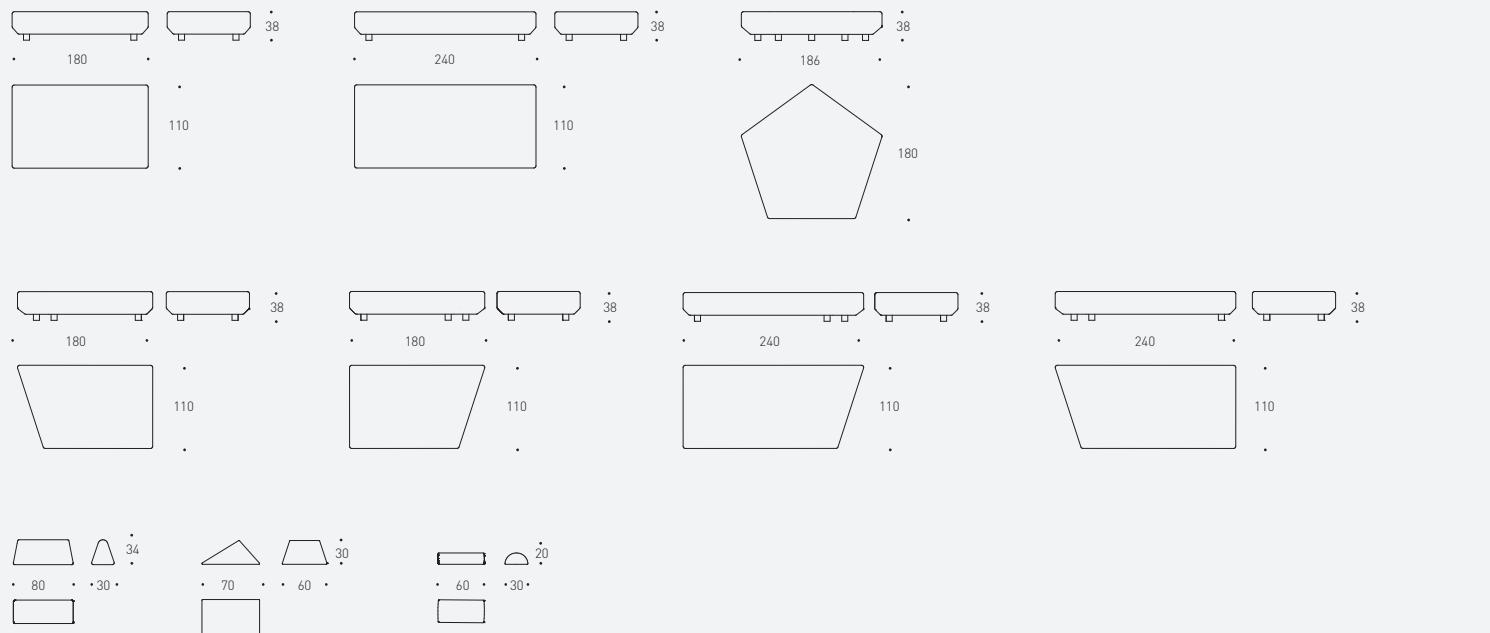

Modular foam padded collection. Outdoor version: made of okumé solid wood and padded with Dryfeel® outdoor foam.

Indoor version: made of fir wood and padded with standard indoor foam.

Available with two different kind of feet: Botero and Slim.

Bento allows you to create multiple combinations that can be defined even at a later stage and modified by the customer. It is, in fact, possible to change the composition on different occasions at your leisure. With the same thought in mind, the customer can add modules in a second moment, clearly respecting the rules of the modular system.

HIGH STANDARD S-LOW LIFE

Non solo prodotto, ma concetto.

Pochi centimetri fanno la differenza nello stare a tavola. L'altezza ridotta dei tavoli abbinati alle sedute lounge sviluppa una nuova modalità di relazione, unicamente outdoor.

Lo sviluppo della collezione Low è il fulcro per una nuova definizione di convivialità, intimità e qualità di relazioni. La linea di orizzonte si abbassa, la prospettiva è dinamica, la terra è più vicina, l'approccio alla natura è più diretto. Una nuova filosofia di seduta conferma che il mondo outdoor è poesia.

Not only product but concept.

Few centimeters make the difference when dining.

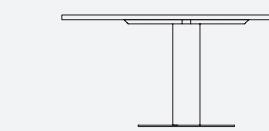

The reduced table height combined with lounge seats develops a new relationship mode, uniquely outdoor.

The development of the Low collection is the centerpiece for a new definition of conviviality, intimacy and quality of relationships.

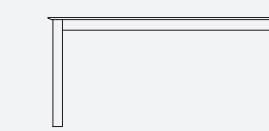

The horizon line is lowered, the perspective is dynamic, the earth is closer, the approach to nature is more direct. A new seating philosophy confirms that the outdoor world is poetry.

TAILOR ATTITUDE

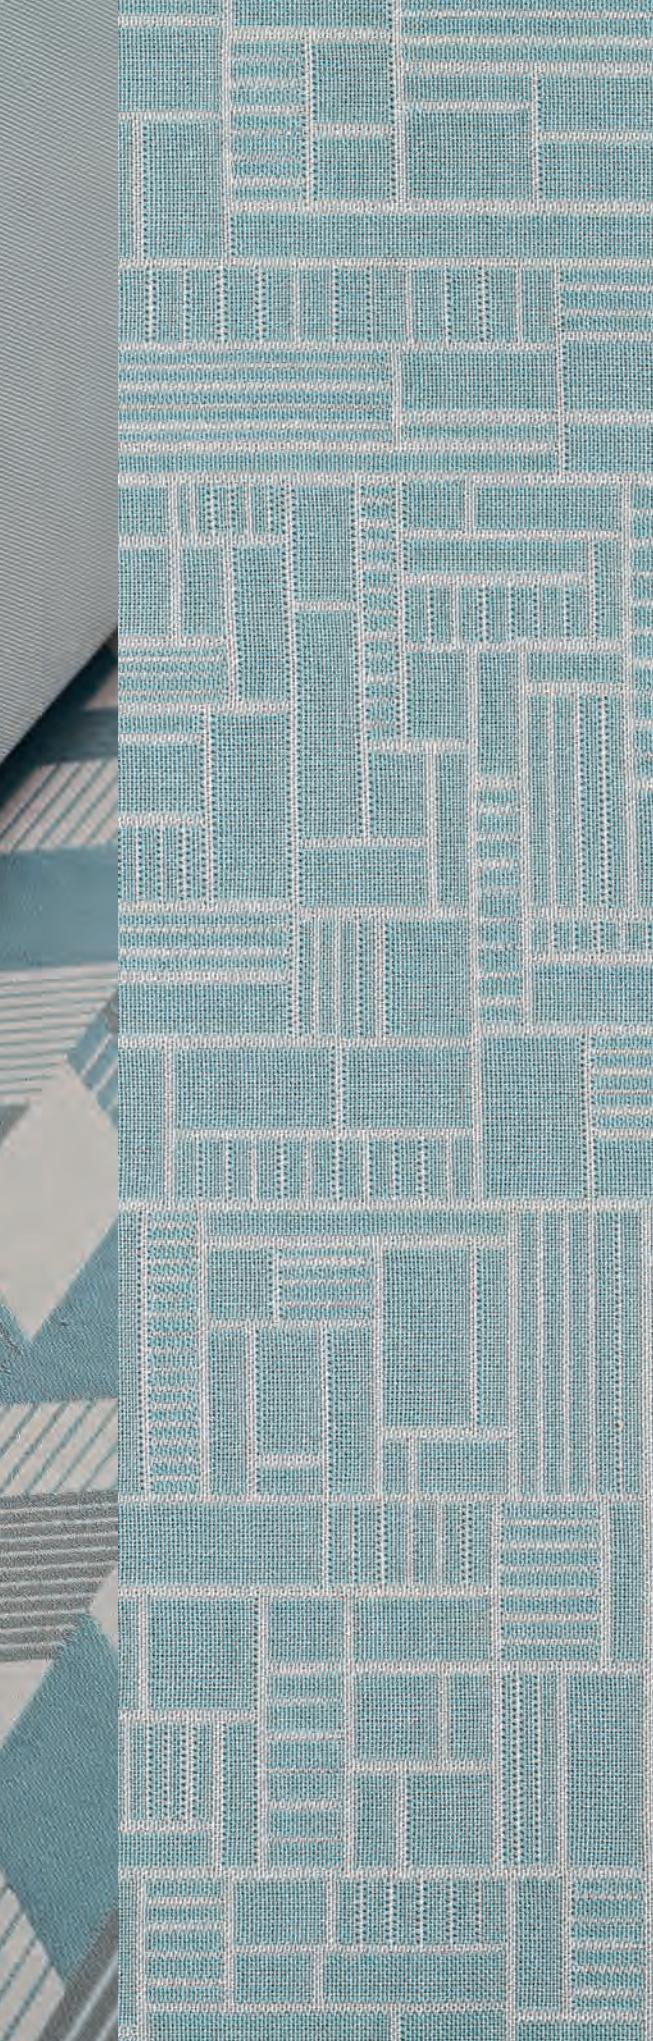

Il rivestimento dei prodotti è un abito che si rinnova continuamente. La matericità si rinnova e si arricchisce di nuove decorazioni in abbinamento alle finiture delle collezioni. La nostra proposta tessile aggiunge carattere ed estende la percezione visiva di alcuni temi che sono realizzati esclusivamente per voi. Un lavoro di ricerca estetica traduce in nuove geometrie e fantasie colore che esprimono l'attitudine sartoriale, ma allo stesso tempo garantiscono performance qualitative che in ambiente outdoor sono necessarie e funzionali per un prodotto di qualità.

The upholstery of products is like a dress that is continually renewed. The texture is renewed and enriched with new decorations combined with the finishes of the collections. Our textile proposal adds character and extends the visual perception of some themes that are made exclusively for you. A work of aesthetic research translates into new geometries and color patterns that express the sartorial attitude but at the same time guarantees qualitative performance that in the outdoor environment are necessary and functional for a quality product.
